Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 21-22, and 31-32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 21, it is unclear as to what is intended to be the limitation by reciting “ searching for a PN code of a movement cell” in line 9, since a cell herein referring to a fixed structure of either an upper cell or a lower cell. The same remark applies to claim 31-line 11.

Allowable Subject Matter

2. Claims 1-20, and 23-30 are allowed.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Froelich et al.(US 6,178,197); Bonta (US 5,542,098); Choi (US 6,141,554) are cited to show a method for carrying out handoff between macrocell and microcell in hierachicall cell structure, which is considered pertinent to the claimed invention.
